Mr. Herb Schottland
Store Design and Fixturing

Dear Herb,

I want to say **Thank You** for the fine job you did on designing the new look for our store. We have received nothing but compliments from everyone. It is very modern looking, yet it puts the emphasis where it belongs, on showing our jewelry.

Our sales increased by double digits last year and has continued this year, even though most of the industry has experienced a softening in sales. I think your work is largely responsible for this.

The new lighting that you recommended is simply dazzling. Diamonds, colored stones, and gold simply jump out of the case now.

I searched for over two years to find a designer before I chose you. I made a good decision. You are easy and fun to work with, and the cases arrived when you said they would.

I would highly recommend your work to anyone.

Sincerely,

Randall Hancock, owner
